Agenda

- Introductions of new members
 - Jenna Dziuba
 - Centra Health, taking on part of Jenna Lloyd's role since she departed Centra. Centra has decided to not replace the CNIO role at this time, so promoted Jenna Dziuba to the Senior Director role to cover part of what was the old CNIO role
 - Kate (Katie) Atwood
 - Working as the Testing Coordinator under Holly, at Concord, under Holly. Main interests are Cerner and TransIT
- Time of Meeting
 - Group felt no time is going to work for everyone, every time and that everyone should make it a priority
 - The current time works for those on Eastern, but would not work for anyone on the West Coast
 - Two new people asked to join from North Kansas City Hospital, but haven't joined today, potentially because it is at 6am for them
 - Patti to send out an email polled the entire group with a couple of potential time
- CAMC presentation on IPOCs, what DNV cited CAMC for and corrective actions they have taken
 - Tina Stamper presented
 - The presentation will be attached to minutes
- Workflow improvements for start/stop for capturing infusion charges
 - Tina Stamper
 - Previously proposed his topic to receive information from the group, but it has not been discussed at this time with the group
 - Did a lot of research on her own and moved forward with design and build
 - Almost ready to go live and will present in the future
 - Kim Ramirez
 - Charging is not critical in Canada, however, Kim is interested in anything that involves MPages, and thinks it would be a good presentation
- Blood Administration with Bridge
 - Jenna Dziuba

- This was previously Jenna L's project
 - Cerner coming to Centra next week and Jenna D may present in the future
- Use of TRANSIT for Script Management
 - Tina Stamper
 - Since Katie has joined the group, would be interested in understanding what process they use to keep their test scripts up-to-date
 - CAMC's scripts have deteriorated over time
 - Katie Atwood
 - Would be happy to present on this topic at a future meeting
- November meeting
 - Patti Marshall
 - Brian has Holly slated to speak at the November meeting, but no topic listed
 - Patti (or Brian upon his return) will reach out to Holly to confirm
 - 7am is not a good time for Holly

Proposed agenda items for future meetings

- Workflow improvements for start/stop for capturing infusion charges – *Tina Stamper*
- Blood administration with Bridge – *Jenna Dziuba*
- Use of TRANSIT for workflow and script management – *Katie Atwood*
- Meds Rec
- Using SMEs and Chain Nurses for education
- Management of clinical decision reports and reminders

Follow-Ups

Who	What	When
Patti Marshall	Survey group on time of meeting (potentially accommodate additional time zones)	2022/09/09
